Entry Level Bulk Case Filler: G-50-E

For customers packaging product into bulk cases, Weigh Right offers our entry level G-50-E Direct Fill Scale. It's simple to use, low cost and versatile for a variety of products like candies, nuts, plastic parts and similar products. The G-50-E is ideal for 5 lbs. to 50 lb. fill weights and offers 1 to 4 filled cases per minute and comes in a single-tray or triple-tray feed design (washdown model available).

See our new video of the G-50-E.

Weigh Right also offers fully automated lines, check out the links below:

[G-50-HC \(non-washdown\)](#)

[G-50-HC \(stainless steel models\)](#)

[G-50-HCU \(space saver model\)](#)

Shown Above: The G-50-E Direct Fill Scale featuring a triple-tray feed design.

See our new video for more features.
